MASTER OF SCIENCE IN FAMILY AND CONSUMER SCIENCES

Program Description
The graduate program in Family and Consumer Sciences is designed to provide advanced specialized leadership in various professions, and to further professional competencies for students in dietetics, extension, business, industry and education.

The graduate program in Family and Consumer Sciences is designed to accomplish the following basic purposes:

1. To develop leadership for family and consumer sciences professions
2. To extend competencies for family and consumer sciences specialists in dietetics, extension, business, industry and education
3. To prepare promising students for doctoral study

The curriculum is organized to permit advanced study and research in the following areas:

1. Clothing, Textiles, and Merchandising
2. Family and Consumer Sciences Education
3. Family Economics and Resource Management
4. Interior Design/Housing
5. Nutrition and Dietetics

Admissions
Students seeking admission to the graduate program in Family and Consumer Sciences must meet the following requirements and submit the documents to the Office of Graduate Admissions:

1. Graduate Application (http://www.shsu.edu/admissions/apply-texas.html)
2. Application fee (http://www.shsu.edu/dept/graduate-studies/application-fee.html)
3. Official transcripts of all college-level work, including the transcript that shows the date the undergraduate degree was conferred
4. GRE scores
5. Two letters of recommendation that discuss the applicant’s suitability for graduate study
6. A personal statement
7. A writing sample of scholarly work, including instructor’s grade and/or comments

A holistic review of each student’s application file will be completed on a competitive basis.
