

# GRADUATE CERTIFICATE IN BILINGUAL (SPANISH) EDUCATIONAL DIAGNOSTICIAN

---

The Bilingual Educational Diagnostician Program prepares educational diagnosticians who have Spanish and English language proficiency to evaluate English Language Learners (ELLs) and students who are monolingual. Candidates determine language dominance and proficiency, conduct assessments, interpret results, and make educational recommendations for learners in school settings. To receive this certificate, graduate students must enroll in the Bilingual Educational Diagnostician Cohort and demonstrate Spanish proficiency. Educational diagnosticians must have at least two years classroom teaching experience to sit for the TExES Educational Diagnostician Exam.

Applicants seeking admission to the graduate certificate program in the Bilingual Educational Diagnostician Program must submit the following directly to the Office of Graduate Admissions by April 1st:

1. A Graduate Admissions Application (<http://www.shsu.edu/admissions/apply-texas.html>) with the application fee
2. Official transcript from the baccalaureate degree granting institution
3. GPA of 3.0 in the last 60 hours of undergraduate and graduate work
4. Two letters of recommendation (The form is available from the LLSP office)
5. An acceptable writing sample
6. Copy of your teaching certificate in Bilingual Education (Spanish)

**Note: Candidates may be permitted to enroll for one semester while their admission file is incomplete.**
