

# TRANSFER ARTICULATION: ENGINEERING TECHNOLOGY

---

For additional information regarding admission requirements, degree programs, description of courses, and financial assistance available, please, refer to the appropriate sections the undergraduate catalog (<http://catalog.shsu.edu/archives/2020-2021/undergraduate/>). Brochures and information concerning the department and scholarships may be obtained by calling 936-294-1191, by writing: Sam Houston State University, Department of Engineering Technology, Engineering Technology program, Huntsville, Texas, 77341-2266, or by visiting Department of Engineering Technology (<https://www.shsu.edu/academics/engineering-technology/>).

## **TCCN Tables inserted here.**

For certification purposes the minor is considered to be Secondary Education. No other minor is required, but if an additional teaching field is desired, the student must meet the requirements of that teaching field. For the degree of Bachelor of Science and a teaching certificate with an integrated teaching field in technology, the student must complete a minimum of 48 semester hours in Industrial Technology and 21 semester hours in Secondary Education. The courses listed above are required of all students who are majoring in Industrial Technology and seeking a teaching certificate. The student should be advised by the Industrial Sciences and Technology teacher educator. Contact the advisor at (936) 294-1216, or seek advisement for Industrial Sciences at the SAM Center.

The Core Curriculum (<http://catalog.shsu.edu/archives/2020-2021/undergraduate/academic-policies-procedures/degree-requirements-academic-guidelines/core-curriculum/>) at Sam Houston State University (to be used by all incoming students as of fall 2014) contains 42 semester credit hours, encompassing nine component areas. Each component area has a minimum credit hour requirement and a selection of specific courses that may be used to satisfy the requirement. The Core Curriculum (<http://catalog.shsu.edu/archives/2020-2021/undergraduate/academic-policies-procedures/degree-requirements-academic-guidelines/core-curriculum/>) details Sam Houston State University courses and their Texas Common Course Number (TCCN) equivalents for college transfer students which comprise SHSU's core curriculum.

Many SHSU disciplines including the sciences, business, and education require specific courses from the SHSU core as degree specific graduation requirements. To minimize cost and time to complete degree requirements always select SHSU/transfer core courses specified as degree requirements in your intended major. If you have not decided on a major, select core courses supporting your intended area of academic concentration.

Prior to enrolling in core classes, students are encouraged to review specific degree requirements for their major. Selection of major-specified core courses reduces the total number of hours required for graduation.

If you do not see a Texas Common Course Number (TCCN) mapping a specific core course to your transfer institution, please go to Transfer Course Equivalency Guide (<https://ww2.shsu.edu/regr27wp/>) and select your institution from the drop-down menu. The result will list all currently mapped transfer courses from your institution to SHSU courses.
