The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state’s **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BM in Music Therapy (MUST) is designed to provide graduates with the following marketable skills:

- Develop professional-level competence in clinical music therapy as articulated by the American Music Therapy Association.
- Acquire professional and clinical skills applicable to fulfilling supportive staff roles in a variety of healthcare, educational, psychiatric, community, and rehabilitative settings.
- Develop extensive intraprofessional collaboration, decision-making, and problem-solving skills.
- Gain skills in reading and applying research findings to enhance professional interactions with clients.
