The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Fashion Merchandising is designed to provide graduates with the following marketable skills:

- Critical thinking and problem solving within the scope of the fashion industry in order to objectively examine information to determine the most effective way to move forward in this fast-paced and globalized industry.
- Collaboration and teamwork in order to communicate well with others and understand varying perspectives to enable them to come up with efficient and effective creative solutions.
- Knowledge and understanding of merchandising functions to successfully construct the necessary data for various financially-related merchandise planning and development needs.
- A balance of creative & artistic skills and business acumen to develop an inherent sense of understanding the intricacies of the fashion industry.
