1

Satisfies Core Curriculum requirement for Component Area II (Mathematics).

<sup>2</sup> Satisfies Core Curriculum requirement for Component Area III (Life and Physical Science).

<sup>3</sup> BIOL 2401 and BIOL 2402 may be used as a transfer course for this requirement; please see a SAM Center advisor for more details.

## Notes

3 hours of Biology or Chemistry is a prerequisite for FACS 2362 and satisfies 4 hours of the Core Curriculum requirement for Core Component Area III (Life and Physical Science).

FACS 4369 requires department approval and 90 hours of course work completed.

A minor is required. Choose from a minor in General Business Administration or Management.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Food Service Management is designed to provide graduates with the following marketable skills:

- Demonstrate the ability to oversee food service management, quality food, and hospitality needs for food and beverage operations.
- · Apply the principles of human resources management involving customer relations, guest contact, and management/employee relations.
- · Demonstrate proper use of equipment and sanitation techniques important to all foodservice operations.
- Understand the operational procedures of designated departments in a lodging business including: reservations, front office, guest services, telephone and telecommunications, food and beverage and housekeeping.
- Understanding and knowledge of the relationship of departments to marketing and sales, food and beverage, convention and banquet services, entertainment and audio-visual, safety and security, human resources, and engineering and maintenance.
