The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Agricultural Business is designed to provide graduates with the following marketable skills:

- Communicate professionally both orally and in writing.
- Build teamwork and collaboration skills.
- Use analytical skills to make data-driven decisions.
- Perform feasibility and risk analyses and apply critical thinking to evaluate business opportunities.
- Execute market research and identify target markets.
- Analyze financial statements to evaluate the financial status of agribusinesses.
- Assess the impact of government policies on agribusinesses.
