Hours

BACHELOR OF SCIENCE, MAJOR IN AGRICULTURAL BUSINESS

Agribusiness is a program for students interested in management in agriculture. The agribusiness curriculum prepares students for employment in finance, ranch management, business management, state and federal agencies, risk management, sales and marketing, and many other fields related to business and economics. The program includes courses in farm and ranch management, marketing, natural resources, government policy, budgeting, finance, business organization and management, and other related courses.

Students must earn a 2.0 minimum overall GPA in all coursework.

Students must meet a 2.0 minimum overall major GPA in all major coursework.

Students must earn a 2.0 minimum SHSU GPA in all coursework.

Students must meet a 2.0 minimum SHSU major GPA in all major coursework.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Agricultural Business is designed to provide graduates with the following marketable skills:

- Communicate professionally both orally and in writing.
- · Build teamwork and collaboration skills.

4 Bachelor of Science, Major in Agricultural Business

- Use analytical skills to make data-driven decisions.
- Perform feasibility and risk analyses and apply critical thinking to evaluate business opportunities.
- Execute market research and identify target markets.
- Analyze financial statements to evaluate the financial status of agribusinesses.
- · Assess the impact of government policies on agribusinesses.
