

SCHOOL LIBRARIAN CERTIFICATION

School Librarian Certification is designed for individuals who have previously obtained a master's degree and are seeking to become a school librarian.

The certification only program is designed to prepare competent professionals for school librarianship. Students will be introduced to library collection development that supports the curriculum as well as reading for pleasure; comprehensive review of children's and young adult literature; how to manage a school library; information and digital literacies; digital tools that school librarians use; reference and services; and cataloging, classification, and subject analysis techniques.

Upon successful completion of the required coursework, students who are classified as certification only will be recommended for the School Librarian Certification exam in Texas. To be recommended for Texas certification, you must have a valid teaching certificate, two years of teaching experience, a master's, the requisite coursework to take the exam, as well as any other requirements included in the Texas Administrative Code for the School Librarian Certificate.

Those who do not already hold a master's degree should seek the School Librarian Certification in conjunction with the Master of Library Science. (<http://graduate-catalog-2015-2016.shsu.edu/home/library-science/master-of-library-science.html>)

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The School Librarian Certification is designed to provide graduates with the following marketable skills:

- Collaboration and teamwork.
- Ethical practices.
- Planning and organizational skills.
- Communication.
