Mission

The Department of Sociology's mission is to acquire and disseminate knowledge on social life, social change and the social causes and consequences of human behavior. The primary objective of the curriculum is to provide students with the scientific tools to understand the functioning of society, and study and understand social phenomena. The Sociology Department at Sam Houston State University is committed to fairness, equality, and justice. This includes building a program that reflects the diversity of the world today, and fostering an inclusive department, learning environment, and community that is supportive of all peoples.
