

MINOR IN CRIME ANALYSIS AND MAPPING

The minor in Crime Analysis and Mapping provides students with an interdisciplinary skillset with technical and analytical methods in criminal justice and geographic information systems (GIS). The minor will help students gain competencies in the basics of criminal justice, mapping and analyzing patterns that relate to crime, and perspectives on how integrating crime data with technology can lead to more robust analysis and targeting of resources for various law enforcement applications.

Code	Title	Hours
Minor in Crime Analysis and Mapping		
Required Courses		
CRIJ 2361 or CRIJ 2368	Introduction To The Criminal Justice System Criminal Investigation	3
CRIJ 4377	Special Topics In Criminal Justice	3
GEOG 2464	Introduction to Geographic Information Systems (GIS)	4
SCST 4363	Homeland Security Intelligence	3
Select two from the following:		6
GEOG 3363	Computer Cartography	
GEOG 4075	Readings in Geography	
GEOG 4311	GIS in Law Enforcement	
GEOG 4365	Applied Geographic Information Systems (GIS)	
Prescribed Electives		
Select one from the following:		3
CRIJ 2362	Criminology	
CRIJ 2367	Police Systems & Practices	
CRIJ 4384	Police Strategies	
GEOG 3363	Computer Cartography	
GEOG 4311	GIS in Law Enforcement	
GEOG 4365	Applied Geographic Information Systems (GIS)	
GEOG 4367	GIS Programming	
Total Hours		22

Note: Courses listed under two requirements (Required and Prescribed Electives) may only be taken once and may only fulfill one requirement.
