Vision
To be a leading professional accounting department among Texas universities providing a relevant curriculum delivered by professional faculty dedicated to teaching, research, and service.

Mission
Our mission is to prepare our students to enter the accounting profession in the public, industry, and not-for-profit sectors through excellent teaching and pedagogy and through the creation of a sound learning environment. In support of this mission our faculty will produce intellectual contributions that contribute to the professional practice of accounting, to accounting pedagogy, and to discipline based research. We will also maintain a level of interaction with the accounting profession that ensures the continued relevance of our program and viability of our graduates.

Highlights
The Department of Accounting works closely with outside stakeholders in CPA firms, industry, government, and nonprofit organizations in order to ensure that the accounting curriculum provides students with the necessary knowledge and skill sets to successfully function as professional accountants upon graduation. Evidence of the success of this process is provided in part by the continued recruitment of SHSU accounting graduates by numerous, diverse employers.

Accounting majors participate in the annual Meet the Firms career fair held in the Fall semester. This function, which first began in 1997 and is organized by the SHSU Chapter of Beta Alpha Psi, the honor organization for financial information students and professionals, is attended by employers that are specifically and many times solely interested in accounting majors and, in some cases, finance majors. Accounting majors, minors, MIS majors, and finance majors from all levels attend this event to begin or to continue their participation in the recruitment and hiring process.

Career Opportunities
There is strong demand for the knowledge and skills possessed by accountants. Exciting career paths are available in public, industry, government, and nonprofit organizations. These career paths include, but are not limited to:

- Public accountant
- Tax accountant
- Cost accountant
- Government accountant
- Budget accountant
- Auditor
- Appraiser
- Budget analyst
- Credit analyst
- Financial examiner
- Tax examiner
- Revenue agent
- Educator

Suggested Minors
No minor is required for students seeking a BBA in Accounting. Students are welcome to select a minor following consultation with the Department Chair, but should be aware that a minor will add hours to the length of the degree program.

The Department of Accounting offers a minor in accounting (catalog.shsu.edu/archives/2019-2020/undergraduate/colleges-academic-departments/business-administration/business/minor-accounting) for students pursuing a major that requires a minor.

Uniform CPA Examination Information
Due to the rigorous requirements of the Texas State Board of Public Accountancy, completion of the BBA in Accounting will not qualify one to take the CPA examination. The Department of Accounting offers a Master of Science in Accounting whereby a student may satisfy the educational
requirements to sit for the Uniform CPA examination in the state of Texas. Students seeking additional information on the Uniform CPA Examination should check the Texas State Board of Public Accountancy homepage (http://www.tsbpa.state.tx.us).

Program-Specific Requirements

Minimum GPA Requirement for a BBA in Accounting
A cumulative (SHSU and transfer) minimum GPA of 2.5 is required for students to graduate with a BBA in Accounting.

Minimum Grades in Accounting Courses
Accounting majors must make a minimum grade of "C" or better in all accounting (ACCT) courses taken to graduate with a BBA in Accounting.

Internships
The Department of Accounting has an active internship program and students are encouraged to participate. Selection requirements are rigorous and involve meeting both minimum standards set by the Department of Accounting and selection by the hiring firm or business following an interview process. These internships must meet guidelines as established by the Texas State Board of Public Accountancy and involve specific, direct accounting training and activity beyond routine clerical and office activities. Students generally participate in public accounting internships in the Spring semester of their senior year. The selection process for these internship positions occurs generally during the early Spring semester of the Junior year. In some cases internships are available during Summer terms or at other times of the year. Interested students should contact the Accounting Internship Program Director through the Department of Accounting office for departmental selection criteria and application requirements.

Scholarships
Scholarships are available on a competitive basis for accounting majors. Students are encouraged to apply for scholarships using Scholarships4Kats at Financial Aid (http://www.shsu.edu/dept/financial-aid/scholarships). The Scholarship4Kats program is a single application that will allow the student to apply for most scholarships available on campus whether at the departmental, college, or university-level. Department of Accounting scholarship recipients are announced during the Spring semester for the following academic year. The specific scholarships that are available through the Department of Accounting vary from year to year.

**ACCT 2301. Principles of Financial Acc. 3 Hours.**
Students are introduced to the fundamental concepts of financial accounting prescribed by U.S. generally accepted accounting principles (GAAP) and applied to transactions and events that affect business organizations. Topics may include the accounting cycle; the preparation of financial statements; the measurement and reporting of business income; and the valuation and presentation of assets; liabilities; and stockholders’ equity. Emphasis is placed on the relevance of the business and economic information generated by the accounting process and how it is used in personal and business decision making. Students are exposed to International Financial Reporting Standards (IFRS). Students who plan to take ACCT 3313 must earn a minimum grade of C in ACCT 2301.
**Prerequisite:** 18 semester hours of college credit.

**ACCT 2302. Principles of Managerial Acc. 3 Hours.**
