The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA with a Double Major in Education and in Spanish is designed to provide graduates with the following marketable skills:

- Prepared to teach World Languages in Spanish content for Texas teacher certification.
- · Prepared to implement evidence-based methods of teaching and learning.
- · Fully qualified to teach in Texas public high schools.
