

# BACHELOR OF SCIENCE, MAJOR IN HEALTH SCIENCES: 3+2 MSAT

In the 3+2 degree option, students must apply and be accepted to the **Master of Science in Athletic Training (MSAT)** program to complete the dual degree. Students who are not accepted to the MSAT should complete the associated BS degree. Students who complete the MSAT 3+2 dual degrees are awarded both the BS and MSAT degrees upon completion of the 3+2 degree requirements. Below are the requirements for the BS in Health Sciences: 3+2 MSAT.

Students planning to pursue the 3+2 MSAT option must complete the Graduate Application process and be accepted to the MSAT program. In order to apply to the 3+2 MSAT program students must complete all undergraduate degree plan requirements (minimum of 98 semester credit hours) and all admission requirements.

**Students may apply to the program while coursework is in-progress but may not begin the graduate MSAT program until the prescribed 98 undergraduate semester credit hours are completed.**

Once a student is accepted to the graduate MSAT program (<http://catalog.shsu.edu/archives/2023-2024/graduate-and-professional/college-departments/health-sciences/kinesiology/ms-athletic-training/>), students are eligible to begin the MSAT program upon completion of all admission requirements. The graduate program will begin in the Summer I semester term each year and will run as a cohort model. **If a student is not accepted, or does not successfully progress through graduate MSAT coursework, then the student will return to the BS in Health Sciences degree (<http://catalog.shsu.edu/archives/2023-2024/undergraduate/colleges-academic-departments/health-sciences/public-health/bs-health-sciences/>) to complete their BS degree.**
