

UNDERGRADUATE CERTIFICATE IN WOODWIND PERFORMANCE PEDAGOGY

The objective of the Woodwind Performance Pedagogy certificate is to enhance and expand the pedagogical knowledge of performance ability in woodwind instruments for both music education and performance majors. It is a non-degree course of study designed for undergraduate music students who are interested in intensive training and further development of performance and pedagogy skills in multiple woodwinds. Most music majors enter an undergraduate program with expertise on one woodwind instrument, the primary instrument (woodwinds: flute; oboe; clarinet; bassoon; and saxophone). The certificate will provide opportunities to gain skills and practical experiences necessary to become highly competitive as performers and educators in the music field. The educational objective of the certificate is to supplement an in-depth study of the primary with two additional or secondary woodwind instruments.

This Undergraduate Certificate is not eligible to receive Title IV funding -- Direct Loans, Pell Grant, TEACH Grant, SEOG Grant, or Federal Work Study. Students enrolled in this program should explore alternative funding options and are encouraged to contact the financial aid office for assistance.

Students seeking the Woodwind Performance Pedagogy Certificate must already be accepted as an undergraduate major into the School of Music and pass an interview with the woodwind faculty to be admitted.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX** plan and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The Undergraduate Certificate in Woodwind Performance Pedagogy is designed to provide graduates with the following marketable skills:

- Demonstrate proficient technical skills on multiple woodwind instruments.
- Apply multiple woodwind techniques to classroom teaching.
- Interpret repertoire and musical ideas on multiple woodwind instruments at a level consistent with professional performing.
