A minor is not required for this degree program; however, a student has the option to add a minor, but to do so, additional semester credit hours will be needed above the degree program's stated total semester credit hours.

The following minor cannot be paired with this degree program: Minor in General Business Administration.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BBA in Accounting is designed to provide graduates with the following marketable skills:

- **Measurement Analysis and Interpretation:** Our graduates will identify and apply appropriate, reliable, and verifiable measurements to analyze data for a given purpose and intended use.
- **Reporting:** Our graduates will identify the appropriate content and communicate clearly and objectively to the intended audience, the work performed and the results as governed by professional standards, required by law, or dictated by the business environment.
- **Research:** Our graduates will identify, access, and apply relevant professional frameworks, standards, and guidance, as well as other information for analysis to make informed decisions.
- **Risk Assessment, Analysis, and Management:** Our graduates will assess, analyze, and manage risk using appropriate frameworks, professional judgment, and skepticism for effective business management.
- **Systems and Process Management:** Our graduates will identify the appropriate businesses processes and system(s) and the related framework and controls to assist in the design and use of systems for efficient and effective operations.
- **Technology and Tools:** Our graduates will identify and utilize relevant technology and tools to analyze data, efficiently and effectively perform assigned tasks, as well as support other competencies.
