

BACHELOR OF SCIENCE, MAJOR IN AGRICULTURAL COMMUNICATIONS

This program is designed to meet the needs of students desiring a program of study in agricultural journalism, media (electronic, social, broadcast), public relations, advertising, or several other fields of study. While no minor is required, advanced elective courses permit the student to have a stronger concentration in a particular area of interest.

The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BS in Agricultural Communications is designed to provide graduates with the following marketable skills:

- Apply independent and team-working skills to accomplish objectives and meet deadlines in a variety of agricultural industry communication-related enterprises.
- Demonstrate a work ethic and soft skills that are desirable of an employee.
- Combine written and oral communication skills to effectively convey a message to the specified audience.
- Formulate agricultural literacy and advocacy approaches to properly inform and educate the general public about agriculture.
