The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's 60x30TX plan and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The Graduate Certificate in Early Childhood Special Education is designed to provide graduates with the following marketable skills:

- Learn about child development and best practices for students with special needs
- Teaching methods for young children and families
- Learn how to assess young children with additional learning needs
- Community and family relations skills
