The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BBA in Banking and Financial Institutions is designed to provide graduates with the following marketable skills:

- Understand banking operations and regulatory compliance issues.
- Understand the function of the financial system, including the structure of the Federal Reserve System and the basics of money markets.
- Apply financial theory and data to solve problems and demonstrate the ability to effectively communicate solutions.
- Apply financial models correctly in solving quantitative problems in banking and finance and in presenting solutions to banking and finance problems.
