The Texas Higher Education Coordinating Board (THECB) marketable skills initiative is part of the state's **60x30TX plan** and was designed to help students articulate their skills to employers. Marketable skills are those skills valued by employers and/or graduate programs that can be applied in a variety of work or education settings and may include interpersonal, cognitive, and applied skill areas.

The BA, Major in Learning Technologies is designed to provide graduates with the following marketable skills:

- Evaluate the effectiveness of instructional technology.
- Design and develop instructional technology solutions.
- Solve instructional problems through technology.
- Use instructional technology to support learning.
- Enhance learning performance through technology.
